

Call for Special Sessions

International SoC (System-on-Chip) Design Conference (ISOCC) aims to provide the premier forum of leading researchers in the SoC design areas from academia and industries. You are cordially invited to organize special sessions in ISOCC 2011.

Prospective organizers of special sessions should submit proposals wchoi@yonsei.ac.kr. The proposal should contain:

- title of the special session.
- need for the special session at ISOCC 2011.
- short biographies of the organizers.
- list of five (5) contributed papers (including the title, authors, contact information for the corresponding author, and an abstract for each contributed paper). It is recommended that one of the papers in the special session is a tutorial that can introduce the subject to the non-specialist audience.

Special session proposals due: Aug. 01, 2011

Notification of acceptance: Aug. 15, 2011

Submission of full four-page papers for special sessions: Sept. 14, 2011

Notification of paper acceptance: Oct. 01, 2011

Deadline for submission of final papers: Oct. 15, 2011

ISOCC 2011 will reimburse the early registration fee to special session organizers and half the early registration fee to special session presenters. For any questions regarding ISOCC 2011 special sessions, please contact Prof. Woo-Young Choi (wchoi@yonsei.ac.kr) or Prof. Hanho Lee (hhlee@inha.ac.kr), the Special Session Co-Chairs.
